We specialize in complex lifting projects of any scale and specifications.

OUR AIM

Our aim is to provide first class and comprehensive lifting and rigging services. It is our prime objective to provide a safe, reliable and efficient service while maintaining a reputable quality in all of our business ventures. We Strive to be leaders in Safety, Innovation, and Service.

KEY TO SUCCESS

Our key to success is long term relationships. We spend time understanding the needs of our clients to ensure they are provided with the optimized solution form of our services. We pride ourselves in being easy to deal with and our Open-Door Policy ensures that concerns our clients have received the highest level of attention.

OUR PROMISE

What can you expect from dealing with RIG ENERGY?

- Long term and authentic relationships
- Sustainable support
- Support and Holistic Solutions that is agile, making it easier for you
- A partner for life

OUR SAFETY

Safety is a mandatory requirement all over the world, and contractors move from site to site not knowing what to expect. That's why when it comes to equipment, we ensure our clients are covered by providing all the necessary safety required. We also carefully select our cranes for strength, versatility, and durability in all conditions. To successfully complete even the most specialized or high-risk craning and rigging projects our team follows all onsite health and safety standards and protocols.

OUR SERVICES

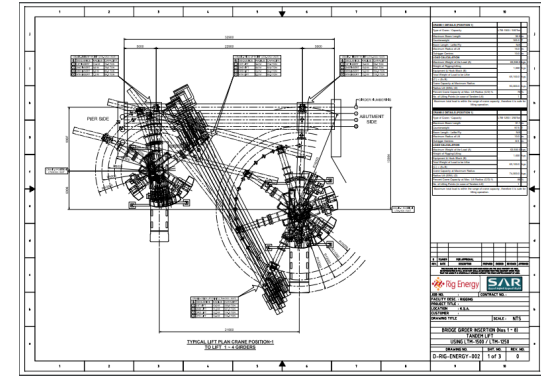

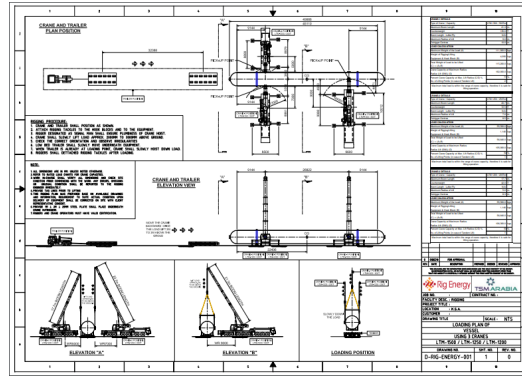

MANPOWER SERVICES

At Rig Energy, we have a team of skilled and experienced manpower for hire to deliver lifting and rigging services of any scale. Our team of experienced manpower is regularly updated by giving necessary training to successfully complete even the most specialized or high-risk crane and rigging projects.

LEASING EQUIPMENT

Rig Energy offers a comprehensive range of plant equipment to the construction, oil & gas and other market sectors. We are continually investing in new equipment, so our rental fleet is kept in excellent condition and to ensure its reliability. We provide customized service /leasing packages for our clients supported with lean supply chain management practices, coupled with a solid comprehension of our clients need for flexibility and 24 hours customer services. Rig Energy can support a wide range of applications with many available configurations of booms, arms, attachments, and tools.

HEAVY LIFT SOLUTIONS

We offer a variety of equipment to suit heavy crane lifting projects both large and small. Our fleet ranges from the highest capacity land-based crane through to crawler cranes, mobile cranes, and smaller hire cranes.

SUPPORT SERVICES

Our objective is to consistently provide our clients with safe, comprehensive, high-quality heavy lifting and transportation services which meet world class standards.

To achieve this, we place great emphasis on the comprehensive implementation of our corporate safety procedures and in applying our advanced engineering, quality, and training resources to all stages of our project planning and execution. We attach great importance to the process of understanding and supporting our clients through personal contact and assistance in the planning of our services to achieve the best possible solution and most cost effective, safe handling.

PROJECT MANAGEMENT SERVICES

Rig Energy can handle all your project management needs. We know that your project has to stay on time, on budget and in control. The extensive expertise of our engineering and technical teams means that your project will be industry compliant and meet your high standards at the same time. Rig Energy coordinates all phases of your project – from start to finish – including reviewing, verification, inspection, testing, quality Management, strategic planning, design, construction, operations, maintenance, implementing the latest technology and management methods and etc....throughout the project life cycle.
